# PATCH LIST

| CH | Input                             | Mic       | Stand      |
|----|-----------------------------------|-----------|------------|
| 1  | Kick                              | Beta 52A  | Short boom |
| 2  | Snare top                         | SM57      | Short boom |
| 3  | Snare2 top                        | SM57      | Short boom |
| 4  | Hi-Hat                            | Condenser | Short boom |
| 5  | Rack tom                          | E904      | Clip       |
| 6  | Floor tom                         | E904      | Clip       |
| 7  | OH Drums L (stage right)          | Condenser | Tall boom  |
| 8  | OH Drums R (stage left)           | Condenser | Tall boom  |
| 9  | Alto Saxophone (pedal line)       | DI        |            |
| 10 | Keys L (laptop's audio interface) | DI        |            |
| 11 | Keys R                            | DI        |            |
| 12 | Electric Guitar                   | SM57      | Short boom |
| 13 | Electric Guitar (bass line)       | Beta 52   | Short boom |
| 14 | Guitar Synth L                    | DI        |            |
| 15 | Guitar Synth R                    | DI        |            |

## INSTRUMENTS SUMMARY

### DANIEL DENIS

Electric guitar (mono)

Bass line (mono)

Synth pedal (stereo)

### ALBA GIL

Alto Saxophone (jack mono out from pedalboard)

Keys - laptop's audio interface (stereo)

### ALEX COULON

Drum kit + extra snare.

## BACKLINE

If possible, we would like to use the backline issued by the organization:

1 BASS amp (combo or head + cabinet)

1 GUITAR amp (Fender Twin Reverb or similar)

1 DRUM KIT: hardware, toms, Hi-Hat, snare, bass drum, throne, x3 cymbal stands, carpet.  
(Alex brings his own cymbals and extra snare)

1 Key stand

## F O H

**IMPORTANT:** We need a good P.A. with subwoofer(s). If this is not the case we will need a SECOND BASS AMP for the laptop's synth!

**If you have any questions please stay in touch with our general contact:
